

Convinced of MBST® MBST® users and their experience

Dr. Arndt, Dr. Struck, Celle/Germany

“MBST® has really convinced us because of the broad range of indications, reaching from osteoarthritis, osteoporosis, metabolic disorders of the bones up to injuries of tendons and ligaments.”

Convinced of MBST®
MBST® users and their experience

Reinhard Bensch, Pulheim/Germany

"The safest method, which evidently achieves a positive effect on cartilage."

Convinced of MBST®

MBST® users and their experience

Dr. Behfar, Wedemark/Germany

"I offer my patients a comprehensive osteoarthritis treatment, both surgical and non-surgical.

MBST® is a gentle, successful and absolutely essential component of conservative arthritis treatment in my practice."

Convinced of MBST®

MBST® users and their experience

Dr. Berend-Tuege Berendsen, Mönkeberg/Germany

"MBST® is a successful treatment method for changes to the joints in the context of osteoarthritis. It is non-invasive and easy to use for the patients. The high proportion of patients who have undergone an additional treatment series in subsequent years confirms the treatment principle."

Convinced of MBST®

MBST® users and their experience

Dr. Biglmaier, Berlin/Germany

"MBST® is a very modern method which supplements my surgical and conservative practice. The majority of my patients are satisfied with MBST®. The method is a perfect complement to my range of treatment."

Convinced of MBST®

MBST® users and their experience

Praxis Opel, Riesa/Germany

"I have now been successfully using MBST® in my practice for 10 years for the treatment of osteoarthritis and osteoporosis, and with the nuclear spin treatment I treat patients with a very wide range of indications. I don't know of any other method which has such positive results for patients."

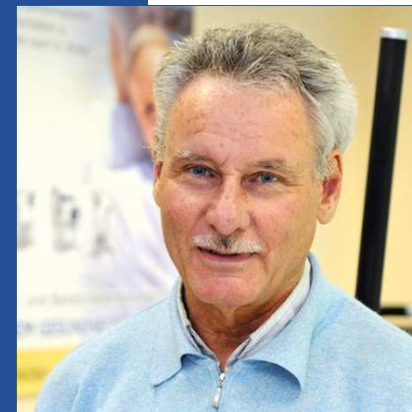

Convinced of MBST®

MBST® users and their experience

Dr. Breier, Cologne/Germany

“When a pain-free and non-invasive treatment is needed for a painful joint inflammation, this is elegantly possible with MBST®. This treatment regenerates all joint structures, bones, cartilage and ligaments and restores function without risks and side effects.”

Convinced of MBST® MBST® users and their experience

Dr. Bröer, Bad Oeynhausen/Germany

"MBST® is a great method for moderately severe and even severe osteoarthritis which I often offer to my patients as an alternative. The results speak for themselves."

Convinced of MBST®
MBST® users and their experience

Dr. Christesen, Hamburg/Germany

“Joint preserving nuclear spin therapy - because there is nothing better than your own joint.”

Convinced of MBST® MBST® users and their experience

Dr. Cuk, Mitterteich/Germany

"I use MBST® treatment primarily for degenerative diseases of the support and musculoskeletal system, because through its use, I have been thoroughly convinced that this treatment is a gentle medical and risk-free method which is highly effective and long lasting."

Convinced of MBST®
MBST® users and their experience

Galina Degner, Chemnitz/Germany

"Highly efficient, targeted treatment method for the treatment of osteoarthritis and osteoporosis."

Convinced of MBST®
MBST® users and their experience

Dr. Dorndorf, Marburg/Germany

"MBST® is gentle and innovative - for me the ideal supplement to the treatment which I offer."

Convinced of MBST® MBST® users and their experience

Dr. Eichbauer-Sturm, Linz/Austria

"My patients appreciate the nuclear spin resonance treatment because it is painless, easy and achieves excellent results without drug therapy."

Convinced of MBST® MBST® users and their experience

Dr. Fahrig, Braunschweig/Germany

*"MBST® - a highly efficient treatment which is pleasant and practically free of side effects.
Most of my patients who have been treated with MBST® are very satisfied."*

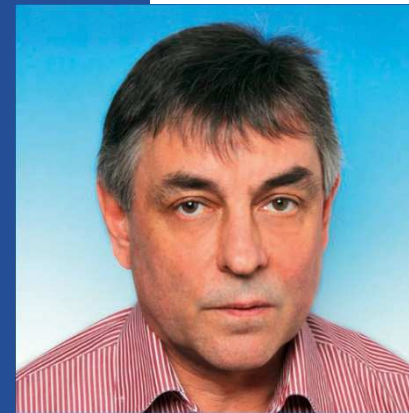

Convinced of MBST® MBST® users and their experience

Dr. Fiedler, Braunschweig/Germany

"MBST® treatment is convincing because it is very effective for cartilage damage or for osteoarthritis of all joints up to the third degree."

Convinced of MBST® MBST® users and their experience

Praxis Achim und Sabine Finsterle,
Bad Nenndorf/Germany

"The MBST®-nuclear spin resonance therapy is a fantastic supplement to our philosophy as chiropractors for treating the cause and not the symptoms."

Convinced of MBST® MBST® users and their experience

Dr. Froning und Prof. Dr. van Laack,
Herzogenrath/Germany

"We have been using MBST® for the treatment of osteoarthritis for many years. Based on our experience and our own investigations in cooperation with the Aachen Technical University, we are very satisfied with the sustained positive effects of this treatment method."

Convinced of MBST® MBST® users and their experience

Dr. Gehrold, Northeim/Germany

"Because MBST® helped me so tremendously with my own persistent knee problems, of course, I want to share this with my patients."

Convinced of MBST®

MBST® users and their experience

Dr. Niederhaus, Prof. Gierse, Dr. Kippels,
Cologne/Germany

"The first choice for conservative treatment of osteoarthritis and tendinitis. It can often replace or significantly delay surgery. As nearly all forms of surgery occur in our practice we are well able to evaluate the conservative alternatives."

Convinced of MBST® MBST® users and their experience

Dr. Grießer, Lüdenscheid/Germany

"MBST® is very convincing due to its biological effect. In addition, it has no side effects and is highly effective."

Convinced of MBST®
MBST® users and their experience

Dr. Hauberg, Osterode/Harz/Germany

"With MBST® you can avoid premature joint surgery."

Convinced of MBST®
MBST® users and their experience

Dr. Hauke, Liezen/Austria

“Non-surgical treatment option for acute and chronic disorders of the musculoskeletal system.”

Convinced of MBST® MBST® users and their experience

Dr. Hechtl, Leoben/Austria

"Low risk and scientifically based method for the treatment of degenerative joint disorders, sports injuries and strain damage."

Convinced of MBST®
MBST® users and their experience

Dr. Kaltenkirchen, Trier/Germany

"MBST® helps and lengthens the life of joints."

Convinced of MBST®
MBST® users and their experience

Dr. Kiel, Bitburg/Germany

"MBST® is a useful therapy at an early stage which helps to avoid consequences later."

Convinced of MBST®
MBST® users and their experience

Dr. Klapsch, Spittal/Austria

"MBST® is an innovative therapy method with treatment results which are way above average."

Convinced of MBST®
MBST® users and their experience

Dr. Klemmt, Berlin/Germany

"As a supplement to multi-modal pain therapy, which complements other forms of treatment."

Convinced of MBST® MBST® users and their experience

Dr. Kniffler, Dr. Richter, Dr. Dehler,
Kelkheim/Germany

*"Highly effective osteoarthritis and osteoporosis treatment
without any side effects and with sustainable pain
reduction."*

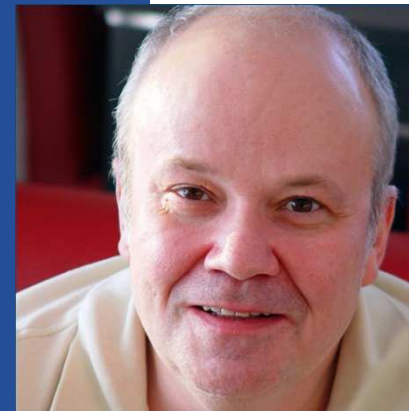

Convinced of MBST®

MBST® users and their experience

Dr. Krapf, Trier/Germany

"As an orthopaedist and doctor for naturopathy, I have been using effective alternative forms of treatments for over 25 years. This was passed on to me by my mentor Prof. Dr. Hess (for many years the physician of the national football team). Even after having used MBST® for years, I never cease to be amazed by the results of the treatment."

Convinced of MBST® MBST® users and their experience

Prof. Dr. Sc. Krpan, Zagreb/Croatia

“Every year we treat a very large number of patients with MBST® in my polyclinic. I know of no other treatment which provides even similar results for osteoarthritis, metabolic disorders of the bones and osteoporosis as the nuclear spin resonance therapy - and with absolutely no risk to the patient.”

Convinced of MBST®
MBST® users and their experience

Dr. Krüger, Schwerin/Germany

"MBST® is able to achieve pain reduction and can improve mobility for a high quality of life."

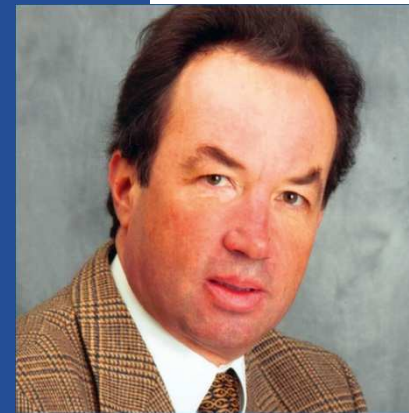

Convinced of MBST®

MBST® users and their experience

Univ.-Doz. Dr. Kullich, Saalfelden/Austria

"In the last ten years, many thousands of patients with various forms of osteoarthritis in the musculoskeletal system have been treated with MBST® therapeutic nuclear spin resonance and the success has been documented. There has been a proven positive influence on cartilage cells with regard to metabolism and electrophysiology."

Convinced of MBST® MBST® users and their experience

Dr. Lagodka, Bonn/Germany

"MBST® is a biological treatment concept which, in very many cases, leads to an excellent improvement of health complaints."

Convinced of MBST®
MBST® users and their experience

Dr. Langhammer, Dr. Balkausky, Bremen/Germany

"We use MBST® because it is the most effective, non-invasive method of treatment for osteoarthritis."

Convinced of MBST®
MBST® users and their experience

Dr. Lipski, Seevetal/Germany

"MBST® is a pain-free, modern method of cartilage regeneration without any side-effects."

Convinced of MBST®

MBST® users and their experience

Dr. Lüth, Freiburg/Germany

“With the chondro-regenerative MBST® treatment, we are able to offer our patients more than the mere treatment of symptoms.

By modifying the disease, we can take a positive influence on the course of osteoarthritis.”

Convinced of MBST® MBST® users and their experience

Lutz Gerhards, Wuppertal/Germany

“With MBST® nuclear spin resonance therapy, we are happy to be able to offer a highly effective and gentle alternative for the treatment of arthritic changes, treatment resistant tendinitis and delayed fracture healing. Not only for our top athletes but also for all our other patients.”

Convinced of MBST®

MBST® users and their experience

Dr. Menzler, Schweinfurt/Germany

"For over 10 years MBST® has been my first choice in the treatment of degenerative and post-traumatic joint diseases. Due to its lack of side effects and its convenient application, it is a pleasant form of treatment for my patients, which promises long lasting pain reduction and functional improvement."

Convinced of MBST®

MBST® users and their experience

Dr. Müller, Dr. Schmidt, Dr. Püschel,
Freital/Germany

*"MBST® - a very good and alternative form of treatment
without side effects for chronic joint pain."*

Convinced of MBST® MBST® users and their experience

Dr. Müller, Dr. Rudolph, Weißenfels/Germany

"A very effective treatment method which is completely free of side effects."

Convinced of MBST® MBST® users and their experience

Dr. Aglas, Salzburg/Austria

"The double blind controlled MBST® efficacy study by the independent Ludwig Boltzmann Institute for rheumatic diseases convinced me to offer this therapeutic form of treatment to my patients. My own experience in selected rheumatologic indications appear to confirm the study results in everyday clinical use."

Convinced of MBST® MBST® users and their experience

Dr. Nöcker, Naunhof/Germany

“MBST® has really convinced me through the highly effective results without side effects in the treatment of osteoarthritis and osteoporosis.”

Convinced of MBST®

MBST® users and their experience

Dr. Overbeck, Deggendorf/Germany

"I have been using MBST® since November 2001. I have found that for many diseases it is by far the best treatment, and sometimes, for bone circulation problems, it is the only possible treatment. Many satisfied patients from my practice come in for treatment of a different joint years later and still have no complaints in the previously treated area."

Convinced of MBST®

MBST® users and their experience

Dr. Pitzer, Gladenbach/Germany

"Positive, non-invasive treatment option for the treatment of sports injuries and for rapid healing of the injury."

Convinced of MBST® MBST® users and their experience

Dr. Reitzner, Dr. Stock, Sinsheim/Germany

"We changed from another magnet treatment method to MBST®. In general, patients respond much quicker to the new therapy. It is very seldom that a patient does not respond to MBST® after careful review of the indication. We would not want to go without MBST® as a treatment method in our health centre any more!"

Convinced of MBST®
MBST® users and their experience

Dr. Renatus, Lauchhammer/Germany

"Anti Ageing for the joints only with MBST®. MBST® is high-tech, you shouldn't go for anything less."

Convinced of MBST®
MBST® users and their experience

Dr. Richter, Silke Gruhn, Walsrode/Germany

"Even in cases where you wouldn't believe it could help it proves to be amazingly successful."

Convinced of MBST®
MBST® users and their experience

Dr. Rittmann, Sulzbach-Rosenberg/Germany

"With MBST® we have access to an advanced form of treatment, which has provided us with a significant advancement in the treatment of our patients."

Convinced of MBST® MBST® users and their experience

Dr. Roth, Bad Soden/Germany

"In the Salztal Klinik we use MBST® to treat patients with clinical symptoms of osteoarthritis and sports injuries of the ligaments and tendons, as well as osteoporosis."

Convinced of MBST® MBST® users and their experience

Dr. Saßhoff, Bad Sobernheim/Germany

“The mechanism of action and the effect of treatment comply to 100%. In my opinion, MBST® can establish itself as a treatment method for osteoarthritis worldwide.”

Convinced of MBST®

MBST® users and their experience

Paul Schepers, Cologne/Germany

“Meanwhile therapeutic nuclear spin has become the mainstay of my medical specialist practice. Under no circumstances would I, with the best for my patients in mind, want to go without any more.”

Convinced of MBST® MBST® users and their experience

Dr. Schmidt, Kitzbühel/Austria

"The system is wonderful to use for fresh soft tissue injuries, and especially for bone marrow oedemas. In addition, it offers a pain-free alternative for osteoarthritis at any stage."

Convinced of MBST® MBST® users and their experience

Dr. Schubert, Dr. Schäfer, Dr. Eggers-Schubert,
Hamburg/Germany

"We recommend MBST® as a preventative, cartilage-regenerating therapy measure for moderate osteoarthritis of the larger and smaller joints."

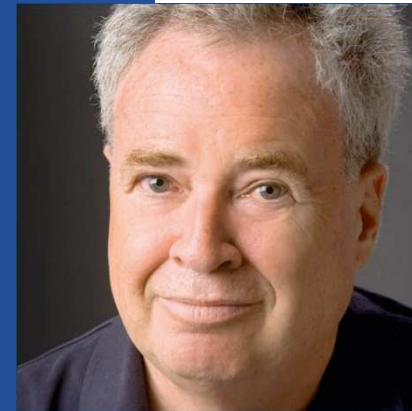

Convinced of MBST® MBST® users and their experience

Dr. Schwieger, Wiesbaden/Germany

"MBST® preserves joints and mobility and improves quality of life, because it is the most effective conservative treatment method for osteoarthritis."

Convinced of MBST® MBST® users and their experience

Dr. Tabesch, Bad Homburg/Germany

“MBST® has shown a dramatic effect in cases of spontaneous osteonecrosis. The progression results demonstrate a significant consolidation of the findings.”

Convinced of MBST®
MBST® users and their experience

Dr. Tamiru, Bad Soden/Germany

"Its efficacy as a causal treatment has convinced me."

Convinced of MBST®
MBST® users and their experience

Prof. Dr. med. Völker, Berlin/Germany

"For me, MBST® is the most effective osteoarthritis treatment with the longest effect."

Convinced of MBST® MBST® users and their experience

Dr. Wegner, Hannover/Germany

“MBST® is very suitable for the treatment of sports injuries. I also use it during competitions of the German national athletics team. Especially rather frequent stress reactions of the bones respond very positively to MBST®. MBST® is the optimal impulse to mobilize patients from inside.”

Convinced of MBST®
MBST® users and their experience

Dr. Weijnen, Nürnberg/Germany

"Our motto: Efficacy without side effects applies perfectly to MBST®."

Convinced of MBST®

MBST® users and their experience

Prof. Dr. Weinstabl, Wien/Austria

"My experience with this innovative method, for almost all indications is that 80% of the patients benefit significantly from the treatment. The long term effect is remarkable. As a trauma surgeon, I am happy to be able to offer my patients an effective alternative within conservative treatment."

Convinced of MBST®

MBST® users and their experience

Dr. Weiß, Raststatt/Germany

“MBST® is a form of treatment with an efficacy which is far above the so-called placebo effect (30%). It is scientifically and statistically monitored; offers an effective stimulation of the musculoskeletal system without side effects and is therefore a very physiological treatment concept. It can be easily combined with other treatment schemes.”

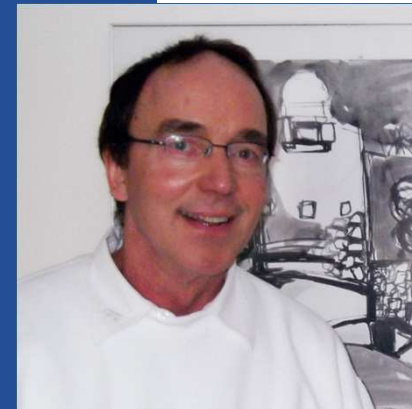

Convinced of MBST® MBST® users and their experience

Dr. Weskott, Erndtebrück/Germany

*"After metabolic optimisation in the joint area,
fantastic biophysical stimulation of the joint cartilage
due to MBST®."*

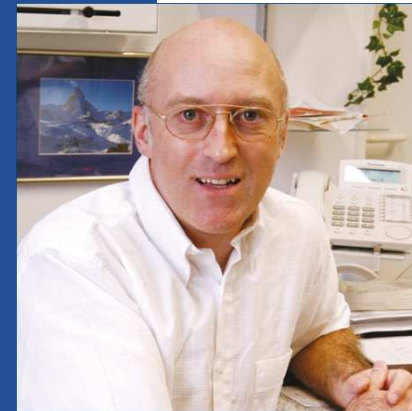

Convinced of MBST®
MBST® users and their experience

Dr. Withöft, Neutraubling/Germany

"MBST®: Good chances for success in the regeneration of cartilage cells in case of joint degeneration."

Convinced of MBST®
MBST® users and their experience

Dr. Young, Hannover/Germany

"We use MBST®, because we prefer to preserve joints instead of replacing them."
